GODSWORN CHAMPIONS - 1DP

IMPROVED DARK PACTS

This band of worshippers lay claim to the power of the gods they devote themselves to.

When you are mustering your army, if your HERETIC ASTARTES NON-VEHICLE (excluding TRANSPORTS) doesn't already have a MARK OF CHAOS, give it a mark of Chaos from the list below. Until the end of the battle, when you dark pact, instead of gaining sustained hits 1 or lethal hits, may choose to do with your MARKS OF CHAOS option.

KHORNE - [LANCE]
TZEENTCH - [PSYCHIC]
NURGLE - [BLAST 1]
SLANNESH - [CLEAVE 2]
UNDIVIDED - [TWIN-LINKED]

When mustering your army, if a LEADER or SUPPORT unit is attached to a Cult of the Dark Gods Unit, it loses the dark pacts rule. In addition, HERETIC ASTARTES PSYKER units cannot be given KHORNE.
